**INTERNATIONAL MIGRATION AND MIGRANT REMITTANCES:
THE CASE OF TURKISH MIGRANTS IN FRANCE**

Directeur de recherche: M. El Mouhoub MOUHOUD, Professeur à l'Université Paris Dauphine

Jury:

Mme. Beatrice Knerr (rapporteur)

Professeur à University of Kassel

M. Lionel Ragot (rapporteur)

Professeur à l'Université d'Evry-Val-d'Essonne

M. Ahmet Insel (président)

Professeur à l'Université Galatasaray

M. Damien Besancenot

Professeur à l'Université Paris Nord

M. El Mouhoub Mouhoud (directeur)

Professeur à l'Université Paris Dauphine

M. Joel Oudinet

Maître de Conférences à l'Université Paris Nord

To my mother

L'Université Paris Nord n'entend donner aucune approbation ou improbation aux opinions émises dans cette thèse. Ces opinions doivent être considérées comme propres à leur auteur.

Acknowledgements

I wish to express my gratitude to my PhD advisor Professor El Mouhoub Mouhoud, first of all for accepting to supervise my work, then for his patience, his advice, his support and for introducing me to Joel Oudinet. I am very grateful to Joel Oudinet for his constant availability and support, his help was very precious to me. I would particularly like to thank Ahmet Insel for believing in me since my B.A. studies. Then I would like to thank Beatrice Knerr, Lionel Ragot and Damien Besancenot for agreeing to be on my defense committee.

I express my gratitude to all members of CEPN where I worked with great pleasure during my PhD studies. Special thanks to Jacques Mazier and administrative staff for their great help: Jean-Pierre Kokossou, Chantale Darin, Chantal Miry et Corinne Marchand.

I am very grateful to Francisco Serranito for reading my papers, his critics and his encouragement. I am also very grateful to Luis Miotti, his help was precious. I also wish to thank Antonia Lopez for her help during these last years.

I would particularly like to thank Professor Anne Lavigne for having received me in LEO team as a researcher working on the FP6 GO-EUROMED project. In this respect, special thanks to Christophe Lavialle, Thierry Baudassé and Isabelle Rabaud. Also, I would like to thank Hugues Jennequin who had been great help during my research at LEO.

I am also grateful to Pascal Petit for having me as a researcher in FP6 INEQ project. My research benefited a lot from being part of this project and from the opportunity of presenting my work in the INEQ conferences.

I am equally grateful to my professors at Galatasaray University where I completed my B.A.. Special thanks to Ayca Akarcay Gurbuz, Sezgin Polat, Haluk Levent and Ruhi Tuncer who also helped me during my PhD studies.

I thank to all my friends and colleagues in Paris 13 and in H100: Jean-Baptiste Gossé, Nabil Aflouk, Achraf Kamali, Khalil Nattahi, Vincent Duwicquet, Christopher Lantenois, Idir Hafrad, Catherine Le, Amina Ben Yahya, Ahmed Hammadache, Tiou Tagba. Special thanks to my friends Samaouel Beji and Darine Youssef with whom I had many exchanges.

Very special thanks to my dear friend Meriem Bouchoucha for everything she did for me.

I am also very grateful to my dear friend Nisrine Idir. It is a great pleasure to know her and to work with her.

I thank to all my friends who constantly supported and especially tolerated me during all these years.

Last but not least, I would like to show my gratitude to two great men, my brother and my husband. Without their support, this work would be impossible.
